# DESIGN SERVICES

When it comes to reception area design, we provide a comprehensive range of quality furniture. Our free no-obligation service encompasses all that you need to make the most of available space. Our technicians can conduct a site visit to take room measurements or work with your drawings or sketches.

The in-house CAD design team are used to creating reception areas, providing you with a detailed floor plan and itemised quotation. By working closely with you and taking careful note of your design requirements, we can provide you with a reception space that not only looks fantastic but also is ultra-functional.

With the majority of our reception furniture coming from UK manufacturers, we don't just stick with one brand; you get the best selection plus expert advice. Combine this with the production of our 2D and 3D layouts and you have the perfect design service.

## 2D & 3D LAYOUTS

2D and 3D layouts provide perfect visualisations of how your reception area space is going to look once the furniture is in place. No guessing or struggling to imagine how it will fit; our 2D and 3D layouts display everything perfectly.

Virtually walk around the room, look at it from different angles and ensure you are happy before proceeding to order. Our in-house team of designers will work closely with you, advising on any technical or space planning issues.

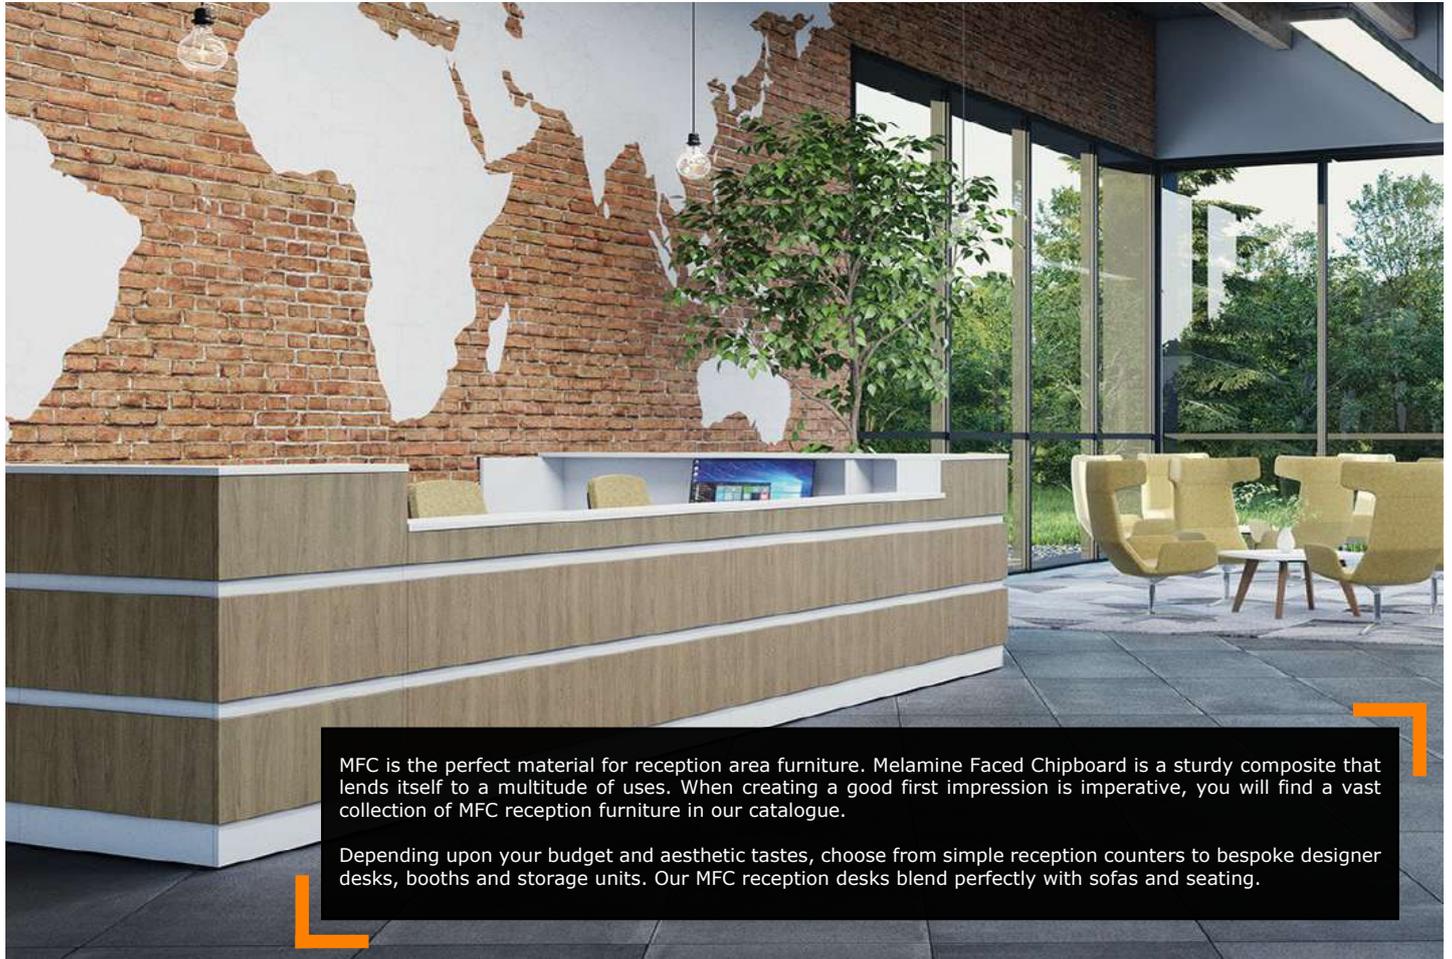

We make sure that the design you receive is perfect for your needs, whether traditional or contemporary. The 2D and 3D layouts are included as part of our quotation service and come complete with detailed cost proposals, concept drawings and even a mood board if you want details of finishes available.

Whether you wish to purchase from stock or have us create something bespoke, the 2D and 3D layouts leave nothing to the imagination.

## RENDERED VISUALS

# MFC RECEPTIONS

MFC is the perfect material for reception area furniture. Melamine Faced Chipboard is a sturdy composite that lends itself to a multitude of uses. When creating a good first impression is imperative, you will find a vast collection of MFC reception furniture in our catalogue.

Depending upon your budget and aesthetic tastes, choose from simple reception counters to bespoke designer desks, booths and storage units. Our MFC reception desks blend perfectly with sofas and seating.

# SOLID SURFACE RECEPTIONS

Solid surfaces make superb substitutes for stone and granite. Fire resistant and durable, in busy reception areas they can withstand constant heavy use whilst retaining the visual appeal of natural stone.

Our design team can create amazing reception areas using solid surface materials. Unusual shapes are not a problem with curved reception units being created when traditional materials don't work. Discuss your ideas with us and let us take care of the design.

## **SOLID SURFACE RECEPTIONS**

We do not recommend solid surfaces where heat is going to be applied as scorch marks may appear.

If you prefer the aesthetics of solid surfaces or your budget does not run to granite/stone, they make a wonderful choice.
